CASTLE APARTMENTS, INC. introduces Online Payments

Paying your bills has never been easier.

- 1. Money-Savings:** You don't need stamps, paper checks, or envelopes.
- 2. Flexible Payment Options:** Pay with a credit card or even a direct debit from your checking account. You'll always receive an emailed receipt for every payment.
- 3. Time-Savings:** Pay using your own computer whenever it's convenient—during breakfast, at lunch, in the middle of the night ...you get the idea.
- 4. Environmental-Savings:** If all US households paid their bills online, it would save 18.5 million trees each year, or the amount of lumber needed for 216,054 single-family homes.
- 5. Security:** Fewer people see your sensitive information when you make payments online than if you wrote a check or mailed a payment, making online payments the MORE secure choice.

To begin paying your bills online, visit
